Dear Property Owner:

Subject: Waterline Construction Project - Notice of Availability

This letter shall serve as official notice that water is now available. The York County water connection fee is \$2,850, if paid in full or an Agreement is entered into for installment payments prior to or within ninety (90) days from this date. Connection to the water line and payment of fees is not mandatory. Should you not make payment arrangements within 90 days, the fee will go up to \$5,000.

Enclosed is an agreement for your use if you choose to execute an Agreement. This agreement offers two payment options:

- A. You may make full payment of the \$2,850 within ninety (90) days from this date of Notice of Availability.
- B. The second is payment of \$1,500 within ninety (90) days from this date of Notice of Availability and bimonthly payments of \$25.00 for fifteen (15) years at a 7 percent per annum interest charge (For a total payment of \$3,750).

To execute the agreement, all property owners must initial the payment option and sign the agreement in the presence of a Notary Public (Notary Publics are available in County offices). Please call in advance for assistance. The signed Agreement should be returned to:

The check for payment should be made out to Arlene Pollard, Treasurer. If you have any questions on payments, please contact the utility billing office at 890-3702.

If you have not paid a fee to Newport News Waterworks (NNWW) for a connection, you may still get the project rate of \$584 for the next six (6) months. This payment will be coordinated by York County. After that date, the regular rate of \$690 for the tap connection will be in affect and paid directly to NNWW. This will provide a tap to the waterline. There is also a system development charge (SDC) of \$633 which must be paid before the meter will be installed. You may pay just the project connection rate now or pay both for a total of \$1217. After six months, the total fee will be \$1323 plus any permit fees. Checks for payments to NNWW should be made out to Newport News Waterworks.

If there are any problems or questions about this project feel free to call Connie Bennett at 890-3752.

Sincerely,

Steve Jackson
